How to request precertification for an admission or get prior approval for *Other services*

You, your representative, your physician, or your hospital, residential treatment center or other covered inpatient facility must call us at the phone number listed on the back of your ID card any time prior to admission or before receiving services that require prior approval with the following information:

- Enrollee's name and Plan identification number;
- Patient's name, birth date, and phone number;
- Reason for inpatient admission, proposed treatment, or surgery;
- Name and phone number of admitting physician;
- Name of hospital or facility;
- Number of days requested for hospital stay;
- Any other information we may request related to the services to be provided

Note: If we approve the request for prior approval or precertification, you will be provided with a notice that identifies the approved services and the authorization period. You must contact us with a request for a new approval five (5) business days prior to a change to the approved original request, and for requests for an extension beyond the approved authorization period in the notice you received. We will advise you of the information needed to review the request for change and/or extension.

- **Non-urgent care claims**

For non-urgent care claims (including non-urgent concurrent care claims), we will tell the physician and/or hospital the number of approved inpatient days, or the care that we approve for *Other services* that must have prior approval. We will notify you of our decision within 15 days after the receipt of the pre-service claim.
